

Who We Are

iProbono is a global group of organisations with a mission to enable people to access their rights in pursuit of a just society.

We are driven by the belief that justice must be inclusive. We do this by representing people in need, strengthening the impact of civil society and advocating for policies that promote equality and end discrimination.

How We Work

People

We represent individuals in court and engage in strategic litigation to promote systemic shifts in law and policy. Our team provides holistic care and offers emergency support during crises.

Strengthen

We support civil society organisations and build their capacity through professional training. Our fellowships nurture emerging leaders with mentoring and networking to drive future impact.

Advocacy

We work with global partners to shape policy, build tools and drive systemic change through powerful storytelling and sustained, meaningful public engagement.

SUPPORT
OUR
WORK

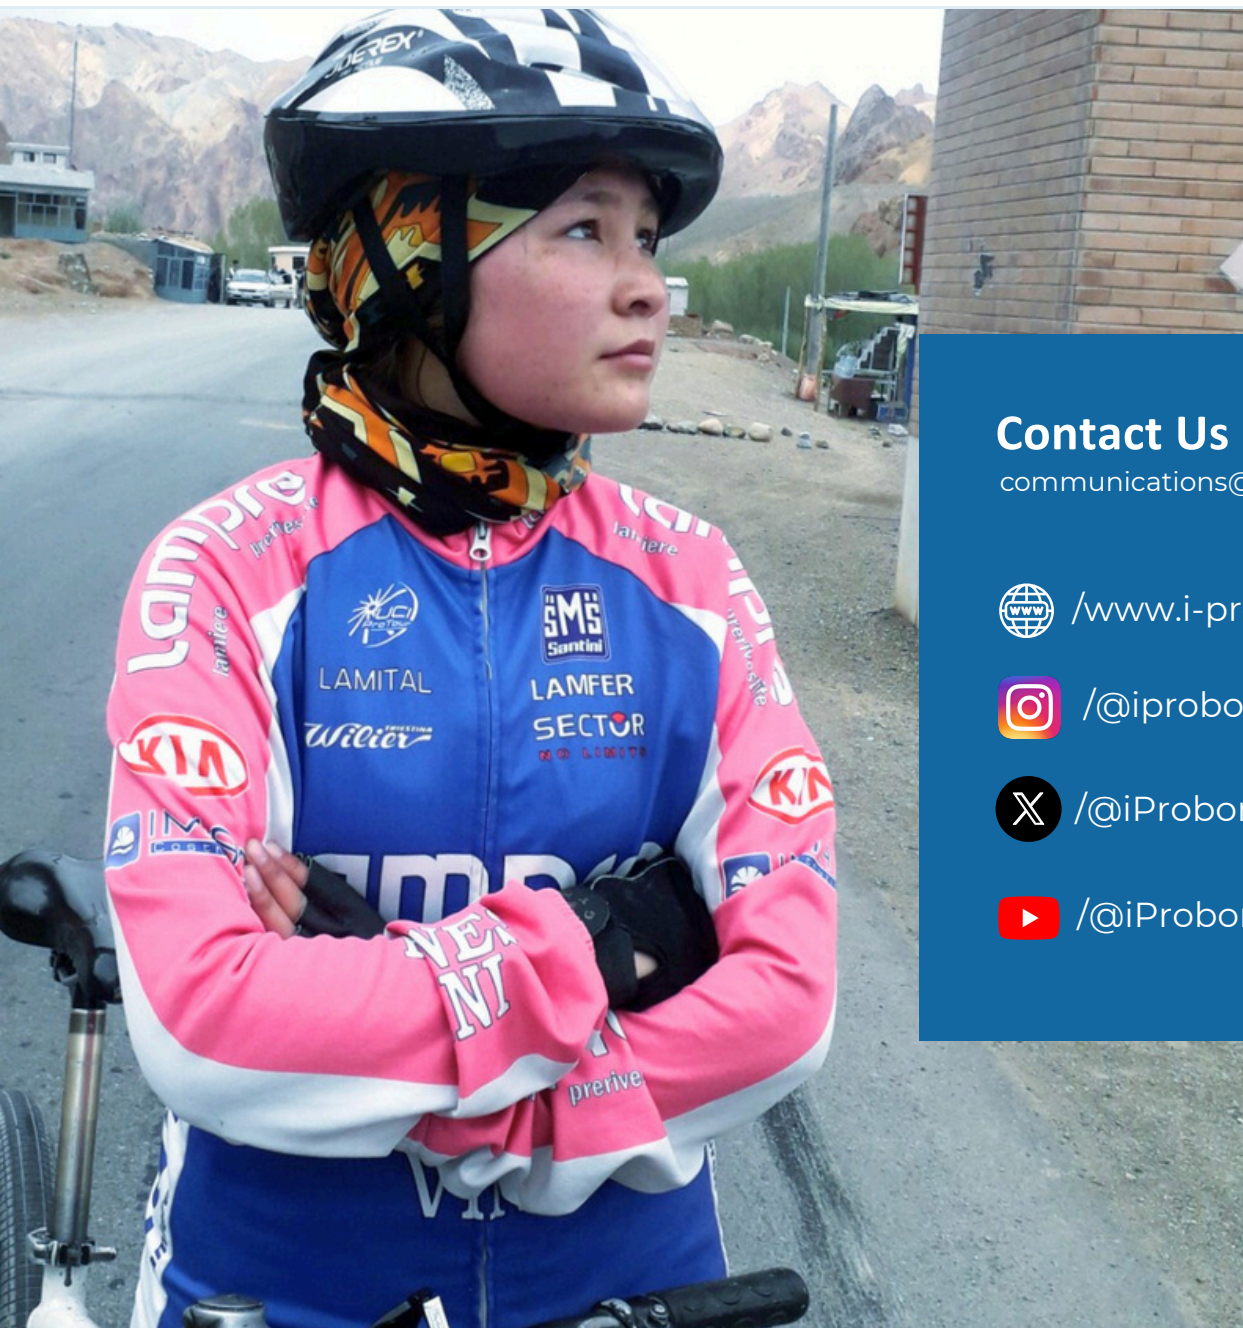

Our Work

We defend every child's right to safety, justice, and a life free from violence.

We amplify the voices of marginalised communities on national and global platforms.

We champion dignity and equality for LGBTQ+ communities through strategic legal action.

We challenge unjust systems and laws through public interest litigation, policy advocacy, and building legal precedents that empower communities.
